THE VISION

The Shkrappy Inu team is dedicated to bringing the online betting community, crypto community and NFT market all in one . Many of us dream on becoming millionaires and being crypto rich and now we have the chance to unite. Our team is filled with hard working developers and active community leaders always there. We want everyone to join us on a mission to creating our own Gambling Metaverse with live charts , NFT sharing and exchange. Shkrappy Inu is a 100% Decentralized Memecoin with no developer control , our Gambling Metaverse will not require control of our smart contract.

NFT Marketplace

The Shkrappy Community will have our very own NFT Marketplace which will also be integrated into our Shkrappy Bets protocol which can allow users to bet , trade and exchange NFTs via Metaverse interaction.

Charts

Shkrappy Tools will be a live charts and analytics tracker for the top 10 memecoins, anime tokens, and shitcoins that users can view live in a Metaverse. User will be able to join gambling and market betting sessions via Metaverse as well as sell and share NFT artwork with other Metaverse users.
